

Mindy Montford  
1304 Lavaca Street  
Austin, Tx

Wednesday, July 15, 2009

Dear Ms. Montford,

I would like to retain your legal services or a lawsuit I have filed against my former employer Public Access Television and the City of Austin.

It is a whistle blowers lawsuit.

After watching the news story regarding your run in with the City of Austin, I feel you maybe the perfect person to help me with this case. As your own experience shows, the City of Austin often exceeds its bounds and neglects the people that they are paid to serve.

In the facts of my lawsuit, you will find example after example of two people with a city contract who have abused the running of this non-profit for their own personal gain. The city has done nothing in years to stop this abuse. With your help, I would like to change this there is also a financial reward. There has to be some type of settlement I have experienced severe damages from this experience.

I feel that with your help I could get this resolved quickly.

Sincerely Yours,

David P. Griffin
