Dear Russell,

I am sorry you had to go through this.

She truly has mental issues. She causes an undue burden on the company.

I truly feel that she should be suspended.

I will try with all my power to make that happen. There has not been one employee at PACT that she has not accused of sabotage and the true is she just does know what she is doing,

Please bare with us, management is more than aware of the situation.

Thank you very much,

David
